"Nothing Stops a Bullet Like a Job"

Homeboy Industries assist at-risk, formerly gang-involved youth and the recently released from incarceration to become contributing members of our community through a variety of services in response to their multiple needs. Homeboy Industries free programs- including counseling, education, tattoo removal, job training, and placement- enable young men and women to redirect their lives and provide them with hope for their futures.

A distinctive feature of Homeboy Industries is its small businesses, where the most difficult to place individuals are hired in transitional jobs in a safe, supportive environment where they will learn both concrete and soft job skills. Here an individual can build a resume and gain work experience in the Homeboy Bakery, Homegirl Café & Catering, Homeboy Merchandise, and Homeboy Silkscreen & Embroidery. Proceeds from these businesses help fund the free services. Snak King supports Homeboy Industries with a donation of every bag of Homeboy Tortilla Strips sold.

HOMEWALK LA

Homelessness is the most extreme form of poverty. The number one reason for homelessness is loss of a job and with LA County experiencing double digit unemployment rates; we are also the homeless capital of the nation.

HomeWalk is United Way of Greater Los Angeles' annual walk to end homelessness. Each year thousands join together to do their part by fundraising and spreading the word because homelessness is a solvable problem.

All money raised through HomeWalk is distributed back into the community to help quickly re-house homeless families and provide permanent housing to the chronically homeless. Over the past 3 years, our HomeWalk has mobilized 13,000 walkers, raised \$1.3 million and funded organizations that have moved 6,000 people into permanent housing.

WALK NOW FOR AUTISM SPEAKS – LOS ANGELES 2011

At Autism Speaks, our goal is to change the future for all who struggle with autism spectrum disorders.

We are dedicated to funding global biomedical research into the causes, prevention, treatments, and cure for autism; to raising public awareness about autism and its effects on individuals, families, and society; and to bringing hope to all who deal with the hardships of this disorder. We are committed to raising the funds necessary to support these goals.

Autism Speaks aims to bring the autism community together as one strong voice to urge the government and private sector to listen to our concerns and take action to address this urgent global health crisis. It is our firm belief that, working together, we will find the missing pieces of the puzzle.

Autism Speaks. It's time to listen.
